About Us

Abiding Love Preschool and Childcare exists to share God's love and saving plan with young children and their families while providing a loving and nurturing educational environment that's motivated by Christ's love for us.

Our staff has completed the required forty-five hours of state education, and all have CPR and first aid training. Our lead teachers have state certification and hold the Birth through Five Child Care Credential (FCCPC).

Visit Us!

You and your child are invited to tour our facilities and meet our staff at any time during regular operating hours. Please call ahead for an appointment at 239-984-1443 or 239-984-1442 or email: preschool@abiding-love.com.

Quality, Christ-Centered Education!

Abiding Love Preschool and Childcare is committed to providing high-quality education and care for children within a nurturing Christian environment. Children are admitted without regard to race, national origin or religious background.

Our curriculum is designed to support all aspects of a child's development, and emphasizes spiritual, academic, social, emotional and physical growth in a safe, stable environment. Children experience both group and individual activities that promote both hands-on and interactive learning.

We strive to encourage the development of the Christian virtues of love, friendship, forgiveness, self-discipline, responsibility, honesty, courage, commitment and faith. By combining loving families, loving teachers and the love of God, we provide a rich educational environment for each child.

Our Curriculum

Bible Time:

Children will learn about Jesus through daily Bible stories, verses, songs and weekly chapel time with Pastor Gensmer. These fun activities are designed to help children find joy in learning God's Word and encourage them to share their love for the Lord with others.

Circle Time:

Daily group teaching time in which children learn to recognize the days of the week, numbers, months of the year, and seasons through calendar work. Children also learn to identify letters, shapes and colors through various group activities and songs.

Center Time:

Monitored free play through which children can feed their creativity through art projects and dramatic play, develop their fine motor skills and gain valuable social experiences.

In addition to these main teaching times, a regular day also includes group story time and outdoor play. Morning and afternoon snacks are provided.
